### Adobe Document Services APIs - What is on offer

**Free services** 

**PUBLISH** 

#### **PDF Embed API**

Embed PDF viewing experiences into your web apps and get analytics on your content.

**PDF Services API package** 

**CREATE** 

**Document Generation** 

Word documents based on JSON data with conditional logic, tables, lists and images.

**TRANSFORM** 

**PDF Services API** 

Transform PDFs such create, combine, and export to formats such as Word and other formats.

**EXTRACT** 

**PDF Extract API** 

Unlock data inside of PDFs and transform into ISON data.

Adobe Sign package

SIGN

**Adobe Sign API** 

Send and capture legallycompliant e-signatures and capture web forms.

## **Timeline for today**

- 9:00am This session
- 9:30am through 3:00pm Research PDF Services as your diary permits
- 3:00pm through 3:30pm Write-up your results
- 3:30pm through 4:00pm Present your findings & results to team

## **Resources**

- Sign up for PDF Services using a non-corporate email address
- Useful links & sample document generation task
  - https://www.e-sign.org.uk/pdf-services/
